

**FOCUS ON STAMFORD,
THINK LOCAL
THINK LIBERAL DEMOCRAT**

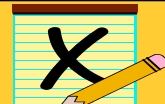

If you want a Party:

- that will fight for open transparent government (both locally and nationally); 
- who are NOT manipulated by Party Whips or support unrepresentative quangos; 
- that will not see Stamford ONLY as a source of extra money for SKDC; 
- who voted consistently at SKDC FOR Stamford - Yes! Stamford LibDems voted for every single Stamford issue at SKDC; 
- which will not keep loading the burden of parking changes ONLY in Stamford and Grantham whilst parking in other areas remains free; 
- Who will fight to bring back greater powers to Stamford through the Town Council by achieving Quality Parish Status; 
- that keeps you informed THROUGHOUT the year with our FOCUS newsletter and NOT just at election time; 
- of people that listen and work for YOU - have done it before and done it well, and can do it better with increased representation. 

Then Vote Liberal Democrats

What we want for Stamford?

- We want a proper sport and leisure centre for Stamford equal to that at Grantham Meres; one that benefits all and is used fully by schools, clubs and individuals. This is NOT the small area of astro-turf which was the derisory solution offered to answer Stamford's desperate need for a sport centre (the money was siphoned back into SKDC's accounts when planning permission was withheld).
- We will fight for a better deal for Stamford which has its own special identity and problems. We believe these are not addressed by SKDC's Cabinet of SIX councillors who have total power over all decisions taken (out of the total of 58 councillors).
- A dedicated waste centre for Stamford. This has been promised for the last 6 years but is no nearer completion and remains clothed in secrecy! Why is this?

Fight for your Town Council, use it or lose it

Please let us know if you want a lift to the Polling Station - see telephone numbers overleaf.
